GOVERNANCE TEAM GOALS:

We believe it is the school board's responsibility to support and maintain a student centered school district and school site environment by considering the necessary balance while always thinking about and making decisions based on what's best for students.

Increase our educational programs and interventions to address the needs of all Durham USD students. We have a changing population and need to ensure we are addressing the needs of English Learners and Special Education students.

Maintain fiscal solvency and leave the district in a positive financial condition.

- Pay attention to and take steps to resolve the issues of Special Education encroachment into the General Fund.

Provide focused, sustained, ongoing staff development relating to district priorities and goals.

Provide a balanced educational program that will prepare students for life after high school and will have choices about continuing their education or entering the work force. Develop a curriculum that suits students' needs:

- Provide opportunities for students to learn life skills
- Respect for non-college bound students and programs to develop skills and technical training in vocational education programs

Maintain and sustain respect among the various district entities: the board, superintendent, administration, staff, unions, students, parents and the community.
